32nd International Wildlife Film Festival
Film Screening Schedule

Wilma Theatre, May 9-16, 2009

www.wildlifefilms.org

Please note that the Monday through Friday 9:30 and 12:30 screenings are attended by school students of all grades. Every effort is made to make IWFF film screenings an excellent opportunity for children of all ages to learn. However, some sequences or parts of programs may not be suitable for young audiences due to length or content. Generally, programs with an overriding 'adult' theme are shown later in the evening. Please be advised that some programs do contain some predation or procreation scenes. Schedule is subject to change without advance notice.

The International Wildlife Media Center & Film Festival works to promote awareness, knowledge and understanding of wildlife, habitat, people and nature through excellence in film, television, and other media.
